WEDNESDAY, JULY 22, 1925.

HARBOR WORK WILL PROCEED

Output of Local Factory Is Being Doubled

DEMAND HEAVY FOR PRODUCTS CAL. ART TILE

Improvement by Industry Adds
Much to Future of City of
Richmond

TWO KILNS BEING ADDED

Production to Be Increased To
40,000 Square Feet of Tile
Per Month

Greatly increased demand for its product in California has caused the California Art Tile company, located at Twenty-seventh and Maine avenue, to make improvements that will double its capacity. The latest additions are two new kilns and stacks representing an additional investment of about \$15,000. They are built of the most modern and practical fire brick, and the outside of both kilns and stacks are attractively decorated with the company's products. One of the kilns is already completed, and the other will be ready for operation in about three weeks.

At the present time, about 20,000 square feet of art tile are produced every month, but after the new project is in operation, 40,000 square feet will be forthcoming from the plant. The company now employs 35 men, but in a short time, this number will also be nearly doubled. The California Art and Tile company is the only one of its kind in the northern part of the state, so the demand for its product is naturally great. The scope of this company is (Continued on Page 8)

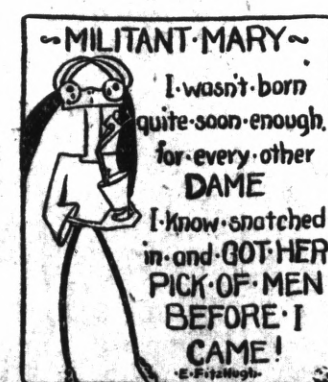

Dr. A. C. Bane to Occupy Wesley Pulpit Sunday

Dr. A. C. Bane, of Berkeley, will occupy the pulpit of the Wesley Methodist church on Sunday evening. Dr. Bane is well known as a brilliant preacher, and it is expected that he will have a message of great importance for every churchgoer in Richmond.

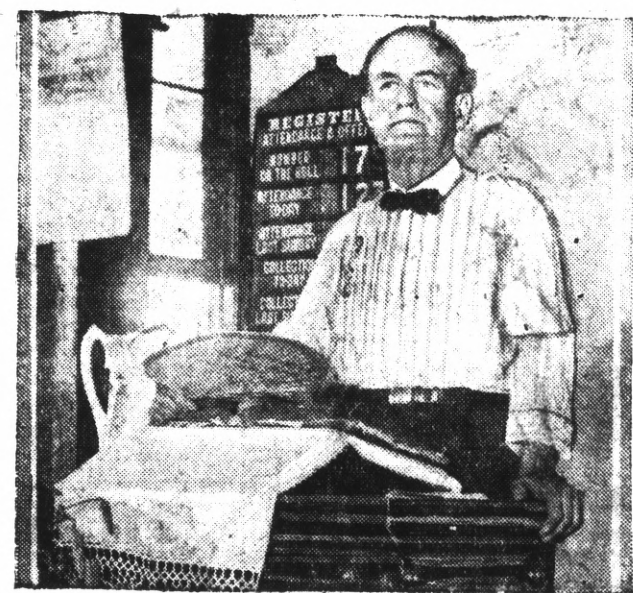

W. J. Osborne, director of the choir of the church, has requested every member to be on hand promptly at 7:30 o'clock on Thursday evening, to have a rehearsal. Special singing by the choir will be given at the Sunday evening service, and Osborne stated some hard practice would be necessary.

FRANCHISE APPROVED BY RAILROAD COMMISSION

The Railroad Commission has approved, on request of the Grangers' Business Association, a franchise, issued to the association by the Supervisors of Contra Costa county, permitting the construction of a wharf upon the southerly shore of the Straits of Carquinez at Port Costa.

WILLIAM J. BRYAN, FOE OF EVOLUTION, IN PULPIT OF DAYTON, TENN., CHURCH DURING SCOPES TRIAL

DAYTON, Tenn., July 21.—John T. Scopes, Dayton high school teacher, was today convicted of violating the Tennessee law prohibiting the teaching of evolution in the public schools of the state. Scopes was fined \$100,

Activity In El Cerrito

There is much activity in the town of El Cerrito in all lines, and this is evidenced by the business that is transacted at the weekly meeting of the local board of trustees.

At the meeting this week the city clerk was instructed to write a letter to the city council of Richmond and the fire department thanking them for their cooperation in fighting the fire which occurred at Stege Junction last week.

A petition of Allen Brown to change Dorothea street in Mira Vista to Hillside Road was laid over for one week.

A communication from the Railroad Commission stated that they had granted the East Bay Water Co. a permit to install the hydrants to be used in the new fire system.

License To Wed Issued to Woman Who Was Jilted

MARTINEZ, July 21.—Mrs. Grace Betts, 45, Martinez seamstress, who yesterday dismissed a \$25,000 breach of promise suit against J. T. Hill, 60, Oakley rancher, with the announcement that a settlement had been effected out of court, this afternoon obtained a marriage license to wed August Henrichsen, 27, Shell Company employee.

Friends of Mrs. Betts were surprised that the marriage license was issued here, saying that they expected her to be married in San Francisco tonight.

In her suit against Hill, Mrs. Betts charged that the aged Oakley rancher promised to marry her in February and that on his request she postponed the nuptials to June 8. When Hill broke off the engagement through a letter, she says, she filed suit. No announcement was made of the settlement that brought dismissal of the suit.

Poison Cause Of Child's Death Jury Verdict

Milton Luck, six-year-old son of Mrs. L. M. Allen, 1725 Market street, met death on Monday, July 13, as a result of strychnine poisoning, it was the verdict of a coroner's jury at an inquest conducted last night by Coroner C. F. Donnelly.

The little fellow passed away at the J. W. Freeman home on Bissell avenue, several hours after he had swallowed strychnine tablets that he probably mistook for candy.

Thomas Peterson was foreman of the coroner's jury.

TWO GARAGE PERMITS ISSUED BY INSPECTOR

Contractors Gray and Heyden will erect a \$500 private garage for Mrs. Morley on Hillside avenue, between Contra Costa and Eddy avenues, and Mrs. Eliza Floyd will build a \$50 garage on Fourteenth street, between Macdonald and Navin avenues, according to permits issued by Building Inspector E. E. Grow yesterday.

Los Angeles—Pico Boulevard from Gresham to west city limits to be widened.

FEDERAL MONEY IN AUGUST IS WORD OF CURRY

Congressman Tells of Visit of
River and Harbors Committee
In October

OFFICIALS TO VIEW WORK

Says Continued Development of
Project Will Bring Tonnage
To Richmond

The federal government will make an allotment of money in a short time, for work on Richmond's inner harbor, and it is believed activity will start along the water front about the first of September.

This is the good news that Congressman Charles F. Curry brought to Richmond yesterday afternoon, on a stop made in this city, while making a trip by auto from San Francisco to Sacramento.

While in Richmond the congressman called on city manager J. A. McVittie, and went over the harbor situation in detail with that official. It was suggested that certain information be forwarded to Washington as soon as possible, which will be attended to by the city manager.

The improvement of Richmond's harbor has always been of paramount interest to Curry, as he has done everything possible for it from the time the project was first started. In a talk with a representative of the RECORD-HERALD, Curry stated that it was his belief the United States Board of Harbor Engineers would make a favorable (Continued on Page 8)

Congressman who brings
good news that Harbor
Money will be available soon.

Withdrawal of Funds Is Denied Ferry Company

Permission to withdraw funds held in trust for stockholders of the San Francisco-Richmond Ferry Company, was denied the officials of the company yesterday by the State Railroad Commission. Debts aggregating \$14,000 against the concern, which has failed to start operating ferry boats between San Francisco and Richmond since its organization in 1919, were presented to the railroad company and M. Emanuel, president of the company, asked that the money be taken from the trust fund of \$65,000 in the Wells Fargo Bank and Union Trust Company.

After denying the permit, the railroad commission ordered the officers of the company, to submit before August 29, a list of stockholders and a statement of the number of shares of stock sold. At that time the board is to decide upon disbursement of the trust fund among the stockholders.

Owners Plea For Reduction Denied By Supervisors

After denying pleas of F. T. Hittell and Pacific Sulphur and Chemical Company, for a reduction of the assessed valuation on eleven acres near San Pablo and granting a plea for reduction in the valuation of the Novelty Theatre, Martinez, the board of supervisors yesterday approved the assessment rolls of Assessor Geo. O. Meese and sent them to Auditor A. N. Sullenger for compilation of county taxes.

Hittell and the chemical company protested that an assessment of \$700 on an acre on the San Pablo property is too high and claimed that inclusion of the tract in the San Pablo paving district had mitigated against its value and saleability.

HEARING OF PROBATION OF VILLA POSTPONED

On request of Probation Officer T. A. Boyer of Richmond, hearing on the probation of Daniel Villa, who has admitted participation in burglarizing the Valona Emporium a month ago, was continued yesterday afternoon by Superior Judge H. V. Alvarado until August 3. Balantine Lopez, Pittsburg hotel owner, accused of burglary in connection with the looting of the store, will go to trial here on July 23.

TOLL BRIDGE CO. RUSHES WORK ON CARQUINEZ SPAN

Three Piers Completed By Com-
pany Since Contract Was
Awarded

DOUBLE SHIFTS BEING WORKED

Payroll of The Contractors Will
Amount to \$100,000 Per
Month

Two shifts of men are now being employed by the Missouri Valley Bridge and Iron company in construction of the foundation of the Carquinez Straits bridge of the American Toll Bridge company and a third shift will be provided if it is found necessary to do so to complete its contract on schedule time, the company informs the board of supervisors in a report of work filed with the county clerk yesterday.

Announcement is made in the report that the American Bridge company will start erection of viaduct steel in October or November.

Since it assumed the contract in January for providing the foundation for the bridge the company has completed three piers, the report says. The concern has 16 months to complete its contract with a forfeiture of \$250 per day for each day required beyond contract time.

Since February 1, the company declares, it has expended \$146,214 on construction work and at the present rate of construction will expend from \$90,000 to \$100,000 monthly. The report was submitted through F. E. Washburn, an official of the company.

Boys Confess to Taking Cameras Of Photographer

MARTINEZ, July 21.—Admitting that they stole two cameras valued at \$100 from the photograph gallery of A. Lancaster while they were with a wedding party here Sunday to be photographed, three youths confessed charges of petty larceny today before Justice of the Peace Frank Glass and were certified to the juvenile court. The youths are Robert Coppi, 18, and Julio Delevati, both of Concord and Tony Pangrazia, 19, of San Pablo.

According to Deputy Sheriffs J. W. Smiley and J. M. Joseph, who arrested the trio, they declared they had been drinking. The youths accompanied the wedding party here from Concord and while the principals were being photographed Coppi and Delevati took the cameras according to their own confession to officers. Pangrazia, according to Smiley, has admitted he took one of the cameras from an automobile in which they had been placed by Coppi and Delevati. The cameras were recovered.

PASSENGER IS ARRESTED FOR DISTURBING PEACE

When the Southern Pacific east bound train, No. 46 arrived in Richmond early yesterday morning, Walter C. Roberts, a passenger, was arrested by local police on a charge of disturbing the peace on complaint of the local agent. Conductor A. C. Grotheer said that Roberts became unruly on the train after a heated argument. He was later released on \$50 bail.

Los Angeles—Miley Oil Company incorporated with capital of \$10,000,000.

EMPLOYEES OF UNION OIL CO. CAN BUY STOCK

One Hundred Thousand Shares
Has Been Allotted For The
Purpose

PURCHASE PRICE AT \$36.50

Payments Arranged To Spread
Over A Term of Five
Years

Employees of the Union Oil Company of California have been given the opportunity of purchasing 100,000 shares of the capital stock of the company, it was announced yesterday by John McPeak, secretary. The shares will be sold to employees at \$36.50 each, this being 5 per cent less than the average market price quoted on the New York Stock Exchange for sales over the sixty days prior to July 15.

The offer is subject to the assent of the stockholders of the company and the approval of the California Corporation Commission. All employees (Continued on Page Four)

Band Concert Program For Thursday Eve.

"RAZZING" THE CONGRESSMAN

Former Congressman Samuel E. Winslow of Massachusetts is of the opinion that there is too much ill-considered criticism of members of congress.

Washington swarms with lobbies representing various interests and movements having axes to grind. When their demands are not met they build a fire under the congressman with the folks back home and too many people are willing to echo complaints and charges made against their representatives on Capitol hill. Mr. Winslow says:

"So far as I have been able to determine individuals of a constituency of a member of congress neither told nor initiate much censurer of their representative unless it be through the unavoidable and desirable differences of opinion in respect to the viewpoints of political parties. It is not until the propagandist of one sort or another begins to stir things up that individuals discover their long time respected citizen, at the moment a member of congress, is a bonehead or a man incapable of appreciating the true inwardness of things. Once this depreciation of a member of congress is started within his constituency the propagandist through local representatives and by virtue of this, that, or the other influence, keeps it going. Friends from 'back home' begin to send in letters and telegrams, trade and commercial organizations 'resolve' and transmit by 'unanimous vote' of this, that or the other committee or board, and they deluge congress with these communications.

"I am in favor of having intelligent and honest expressions of opinion sent to members of congress from whatever source, whether at home or at a distance, but when this sort of propaganda develops like bacilli overnight it is nothing less than a shame. Members of congress have all they can do with their office, committee and floor work. For the most part they want to do it and do it well but if they are to be deluged as they are time and time again throughout a session with communications meaning nothing but the result of some great propagandist influence they have neither time nor strength to think and to work as they should and as they desire."

EMPLOYEE OWNERSHIP

A newspaper story tells about a car shop worker who for many years spent his money as fast as he earned it. In course of time he got a little wife, built a little home and added a little family—which just about used up his increased earnings.

The telephone company for which he then worked, talked him into saving through an easy payment stock investment in the corporation—he became an employee-owner.

Today he is one of the thousands of smaller stockholders whose earnings from his investment will help give the children a better education.

Thousands like him own stock in the telephone and other public utilities—laborers, clerks, housewives, business men, all becoming employee and customer owners.

NO LONGER A WASTE PRODUCT

The rapidity with which road builders of this country have taken to asphaltic materials is shown by the asphalt production for last year. Native asphalt and bitumens totaled 570,000 short tons; domestic petroleum asphalt reached 1,158,000 tons; and imported petroleum, mostly from Mexico, yielded 1,920,000 tons, the whole product being worth \$40,005,000. While much asphalt is used for roofing and for other purposes, its ideal adaptability for elastic, lean, durable roads has been one of its greater uses.

Asphaltic highways are elastic enough so that they do not wreck themselves by their own contraction and expansion in cold or hot weather. A settlement of their base is automatically compensated for by the yielding asphalt and their dark color is easy on millions of eyes which the glare of white highways injures. Thus has a waste product of a few years ago become an invaluable road building material.

Admiral Fiske says that women are the cause of war. Perhaps that is putting it too strong, but at any rate they are the cause of many engagements.—Cleveland Times.

Chicago wants to secede from Illinois and become a free city and Illinois and become a free city and Illinois will probably be willing if Chicago will agree to keep her gunmen at home.

Prof. Hays says the newspapers are publishing too much crime news. Worse than that, however, is the circumstance that the people are committing too many crimes.—Houston Post-Dispatch.

SCHOOL DAYS By DWIG

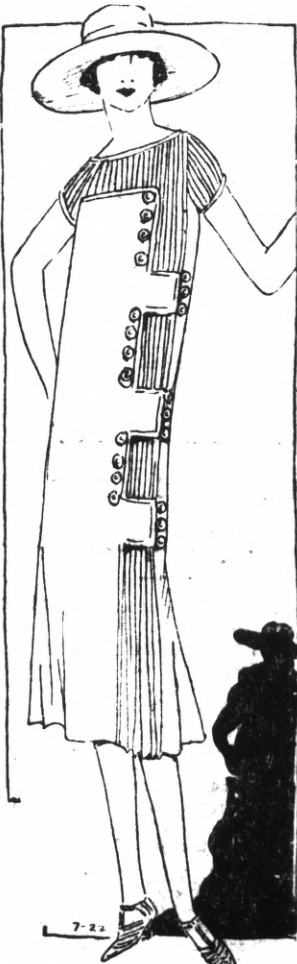

DRESS By MARY MARSHALL

Well Dressed Women Stamp With Their Approval Pure White Costumes For Summer.

WHITE CLOTHES have a perennial appeal to really smartly dressed women. Every summer the comment is made that white is in unusually high favor. Usually we are made to feel as if this vogue for pure white had come as something of a surprise, as if the milliners and the dressmakers and the storekeepers were not quite prepared for it. Take white stockings for instance—everywhere there has been surprise at the way well-dressed women have been wearing

white frock for the court, introducing the light of color by way of eye shade or bandeau. Among the class of women who are referred to by fashion articles as "really smart" or "discriminating," white hats make a strong appeal this summer. In fact never before have so many all-white hats been worn as now. This is true both for small sport hats and for the wide-brimmed afternoon hat as well. Every woman who can possibly afford it ought to have a pure white felt hat for midsummer and early autumn wear, only it should be worn clearly; its charm lasts only with its snowy whiteness.

The pure-white turtle-neck sweater is a smart addition to the well-dressed woman's wardrobe, only this, too, demands precise treatment. If you like to ride horseback in warm weather you may like to follow the example of one smart horsewoman who wears white linen breeches with a pure white turtle-neck knitted sweater of fine wool. Add to this black leather riding boots and this summer riding costume is complete. For the girl whose hair has been cut in a boyish shingle has little use for a hat when she rides cross country this summer. Like her brother she is very apt to leave her hat home.

white stockings. And white hats! Nothing seems smarter for sports or morning wear than the pure white felt simply trimmed.

And this year the pure white things seem especially attractive because they contrast so strikingly with the bright colored clothes that are spread so lavishly on the canvas all around us.

In no place does the all-white costume play a more important role in the summer scheme of things than on the tennis court. Following the example of Suzanne Lenglen most tennis players nowadays, champions or otherwise, select an all-

WISE AND OTHERWISE By MARY MARSHALL

EYES—BLUE, GRAY, BLACK, GREEN OR BROWN!

MOST of us have some preconceived notions on the subject of eyes. Some of them we may have gained from popular fiction where there seems to be a definite rule that the guileless young girl with a pure mind and a trusting heart should have sky blue eyes. They may be a soft brown like those of a young gazelle—but who ever heard of a sweet thing like that having green eyes or snapping black eyes?

Green eyes seem very generally to belong either to the scheming villainess or the dangerous yamp. If they belong to the heroine of the story you may be sure that she is described as a whimsical sort of creature, witty and slightly erratic.

Coal black eyes sometimes belong to the villainess and sometimes to the vamp of the story, though black-eyed vamps are not so much in fashion now as they were a generation or two ago. Green eyes or languorous brown eyes seem to go better with the vamps of today.

"Blue-eyed men are generous, rather inclined to be flirtatious, and at times fickle," says one writer on the subject, adding, "though the deeper blue the eyes are, the more staunch and true the owner will be."

That seems to accord perfectly with popular feeling on the subject. Did you ever read a novel in which the man with very deep blue eyes was not loyal, kind and true?

Gray eyes and seely blue eyes have long been associated with the intellectual type. And perhaps it is true that a large number of men and women of keen and brilliant intellects have eyes of this hue. Certainly you do not expect to find melting brown eyes in the head of a woman who is said to be "brainy," though, as a matter of fact, a woman dean of a well-known woman's college, a woman of extremely intellectual type, has brown eyes of a very limpid sort, and one of the most dangerous little flirts I know of who has an uncanny way of making every man she meets fall in love with her, has eyes of a steely gray, cold, appraising, wise cast, that never seem to have a glint of coquetry or passion about them.

YOUTHFUL PRINTED CREPE

Delightful indeed is this frock in beige crepe dotted in dark navy blue. The closing is at the left side, and the round neck is finished with a two-piece collar of beige Georgette trimmed with lace. On the apron tunic are pockets to correspond with the collar, the lower edge being adorned with bands of insertion with edging to match. Medium size requires 4 yards 36-inch figured and 3/4 yard 36-inch plain material, with 3 yards insertion and 3/4 yards edging. Pictorial Review Dress No. 2289. Sizes, 34 to 44 inches bust and 16 to 20 years. Price, 35 cents.

WHERE IT STARTED

NICOTINE
This name for the drug obtained from tobacco was adopted in 1860. It was derived from the name of John Nicot, who introduced tobacco into France at that period.

--and the Worst is Yet to Come

TOMORROW'S MENU For Thursday

BREAKFAST
Melons
Rice Cooked with Milk
Soft Boiled Eggs
Corn Bread Coffee or Milk

LUNCHEON OR SUPPER
Stuffed Tomatoes
French Fried Potatoes
Toasted Waters Honey
Iced or Hot Tea

DINNER
Corn Beef au Gratin
Corn on Cob Fried Tomatoes
Maple Ice Cream

Rice Cooked with Milk: Wash rice thoroughly in a strainer. Use a deep porcelain or agate-ware kettle. To four cups of boiling milk add one level teaspoonful of salt and a pinch of nutmeg if desired. Then add one cup of washed rice slowly that milk continues to boil. Lift rice occasionally with fork and shake kettle so that kernels or milk do not stick or burn. Do not stir. Boil twenty minutes. Then pour off what milk is left and place rice in open oven where it will finish swelling without burning.

Stuffed Tomatoes:
Six firm tomatoes.
One cup finely cut celery.
One-half cup minced olives.
Three-fourth cup shredded shrimp.
Mayonnaise, seasonings.
Peel tomatoes. Scoop out a small quantity of pulp from the center

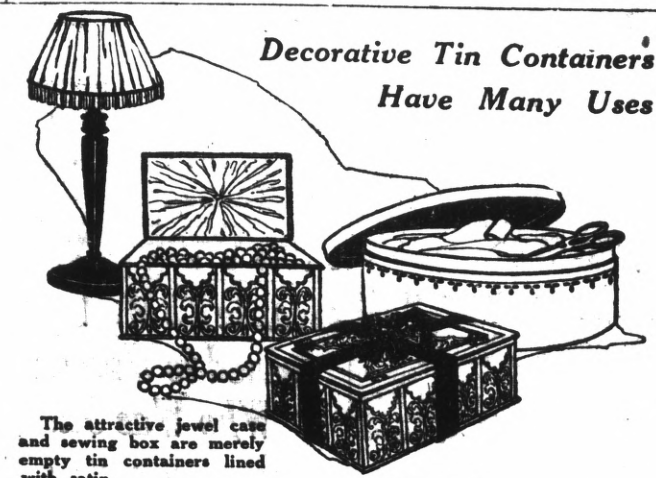

of each. Sprinkle the inside with salt, invert and let stand to chill. Mix celery, olives, shrimps and seasonings and mayonnaise to moisten. Fill tomatoes with mixture. Garnish with mayonnaise. Serve on lettuce leaves.
Corn Beef au Gratin: Boil two cups of milk with two slices of onion and one cup of coarse celery stalks, cut in pieces; strain over one-fourth a cup of butter, one-fourth a cup of flour, and one-eighth a teaspoonful of paprika creamed together. Stir and cook until smooth and boiling; then let cook over hot water ten minutes, and strain over the corned beef. Turn into a buttered baking dish. Stir one-half a cup of cracker crumbs into one tablespoonful of melted butter; spread over the top of the mixture and set the dish in the oven long enough to brown the crumbs.

Decorative Tin Containers Have Many Uses

The attractive jewel case and sewing box are merely empty tin containers lined with satin.

DON'T throw away those pretty, highly decorated candy and cake boxes of tin. They have some very practical uses when empty as well as being decorative ornaments in the room. You don't often even find a glaring advertisement on them any more, which makes them all the more valuable for "catch-alls."

The large tin candy boxes, round and oblong in shape, and beautifully decorated, make quite as good fancy-work receptacles as did the Chinese baskets confectioners were using two or three years ago. Even better, for if one is going to spend the summer at the seashore, or is going abroad, there is nothing equal to a tin box that will keep out dampness and prevent the scissors, needles and other metal from rusting.

Then there are the boxes for the dresser or the dresser drawer. With the aid of a little satin, perhaps a quilted remnant from the scrap bag, one of these boxes may be lined for a jewel case, while another may be lined and scented for handkerchiefs and gloves.

Every woman knows the annoyance of finding her manicure articles covered with rust if she has

ever spent a summer by the sea. This can be prevented if the manicure things are kept in a tightly covered tin box. Either a round or square box may be used for this purpose and the inside lined or not to suit the taste.

The small round container will make an excellent powder box with a puff to fit. If it should happen to have a trade mark in the middle of the cover, it may be hidden by pasting on a disk of cretonne or paper. To this disk may be attached, for a handle, a little knob such as one gets at the ten cent store.

Another use for the smaller and deeper round tin box is to make a cord container of it. This is done by simply boring a hole in the top of the cover. The same device as given for the powder box may be used if this cord container bears a trade mark.

The hole for the cord can then be bored through the bit of cretonne or paper. There are so many more uses to which these decorative boxes may be put that the housewife is beginning to appreciate the service the confectioner and cake baker render with their metal containers.

News of Society Clubs

Three Crockett Lodges Install New Officers

New officers were inducted by Crockett lodge No. 329, I. O. O. F., Crockett Encampment No. 43, I. O. O. F., and Carmel Rebekah lodge, No. 150, of Crockett, at public installation ceremonies held Saturday night at Crockett.

The ceremonies were followed by a banquet and dancing. Announcement was made that Canton No. 40 of Richmond will visit Concord lodge No. 117 this evening, attending the installation of officers.

District Deputy Grand President H. C. Moore of Martinez, installed the following officers of Crockett lodge No. 329, Saturday night:

N. G. Joe Arnold; George Arnold, V. G.; George Johns, secretary; C. L. Dodge, secretary; Tom Edwards, chaplain; Gus A. Jensen, warden; Earl Surine, conductor; Martin Rappolo, R. S. N. G.; R. D. Jones, L. S. N. G.; E. J. Vaughn, R. S. V. G.; Earl Preston, L. S. V. G.; Tom Cotton, R. S. S.; Victor Lakti, L. S. S.; Sam Kirkhouse, I. G.; Gene Harris, O. G.

The following officers of Crockett Encampment No. 43, were installed by District Deputy President H. C. Tassel of Antioch:

Harry Dismore, C. P.; Samuel Kirkhouse, H. P.; M. W. Alberts, S. W.; George N. Arnold, J. W.; C. L. Dodge, scribe; T. T. Lewis, treasurer; Charles Irmlington, first warden; M. R. Repollo, second warden; H. L. Moore, third warden; A. De Moss, fourth warden; H. V. Wilson, first guard of camp; R. O. Jones, second guard of camp; V. Lahti, outside sentinel; R. W. Clark, inside sentinel.

District Deputy President May Gussip of Martinez, installed the following officers of Carmel Rebekah lodge:

Louise Martin, past noble grand; Rose Roppolo, N. G.; Evelyn Hansen, V. G.; Annie Lewis, secretary; Ida

LITTLE JOHN CRAIG CELEBRATES BIRTHDAY

Celebrating the first birthday anniversary of John Francis Craig, son of Mr. and Mrs. J. A. Craig, a delightful party was held at the Craig home, 671 Sixteenth street, Games, dancing and a supper were enjoyed.

Those at the party were: Mr. and Mrs. Y. Walsh, Mr. and Mrs. Anthony Hannon of El Cerrito and families; Mr. and Mrs. M. J. Core of the West Side; Mr. and Mrs. M. Cahill; Mr. and Mrs. Christy Core and children, Mary James and Susan Core; T. Kearns, Mr. and Mrs. Burke; James Murphy, Eugene Murphy and Dan Murphy; and Mr. and Mrs. Belton.

TWO WEEKS IN OREGON SPENT BY THE BRYANTS

Clare Bryant, Standard Oil engineer, and his wife, Mrs. Virginia Bryant, of 147 Eleventh street, returned home Sunday from a two weeks' outing in Oregon. Mrs. Bryant, who left here over a month ago for a visit with parents in Medford, Oregon was joined there by her husband and the couple then enjoyed a two weeks' hiking trip from Carter Lake to Diamond Lake.

GIDEON CLUB MEETING ON THURSDAY EVENING

The Gideon club of the First Baptist church will meet in regular session at the church on Thursday evening. The affair is to be exclusively for men, and they will provide the refreshments of the evening. All members are urged to attend as business of great importance is to be brought before the assembly.

PERSONALS

Carl Richard, proprietor of Richard's Radio Shop, returned yesterday from a week's visit to Tia Juana. While in the Mexican city Richard delivered a Fada radio set. He reports that Tia Juana is crowded with tourists at the present time.

Mr. and Mrs. L. T. Christopher and little daughter, Florence, 437 Fifteenth street, accompanied by Mrs. Ann Skodge of San Francisco, left Monday on a motor trip through the Northwest.

Captain R. V. Shirley of the Richmond Police Department is spending a two weeks' vacation in the Yosemite Valley. Charles Hagerdon, patrolman, is enjoying a vacation at Cloverdale.

Miss Valera Davidson, 35 Twelfth street, and Miss Marjorie Davidson, 419 Sixth street, are spending a two weeks' vacation at Rio Nido on the Russian river.

Bert Carter of the Richmond Furniture company is back from a vacation of two weeks spent with friends in the San Joaquin valley.

George Ensey, local street carman, returned home Monday from Florida where he was called over a month ago by the serious illness of his father. Ensey reports that his father is now greatly improved in health.

Mr. and Mrs. Daniel Bradley of 685 Eighth street are enjoying a two weeks' vacation at Guerneville on the Russian river.

George Cheney is visiting here with his parents, Mr. and Mrs. G. S. Cheney, 739 South Fourteenth street, after two years as an engineer on Atlantic coast-wise ships.

Robert Thorson, Standard Oil clerk residing at 240 Third street, is planning a two weeks' vacation to be spent on the Feather river.

Miss Nora Nasylik, secretary to F. A. Kales, manager of one of the Pacific Sanitary Manufacturing company's plants here, is enjoying a two weeks' vacation at Lake Tahoe.

Miss Wilma Rose, assistant book-keeper of the Home Laundry, who has been ill with the flu at her home for the past ten days, resumed her duties this week.

Daryl Armstrong, 112 Ohio street, spent the week-end at the Kappa Alpha Pi fraternity house at Rio Nido on the Russian river.

H. S. Hoagland, Richmond street car conductor, plans to leave soon for a month's stay with relatives near Napa.

Friends and relatives are now being visited in Santa Cruz by Mrs. Bernice McCormick, 1024 Bissell avenue. Mrs. McCormick left Richmond yesterday and expects to return the latter part of next week.

T. A. Worthman left Richmond yesterday on a trip to Denver, Colorado. Worthman is taking the trip for the purpose of paying a visit with relatives and friends. He will be gone several weeks.

V. Cintl of 231 Twelfth street is now on his way to Seattle, Washington, joying a vacation and business trip. Cintl left early yesterday morning and will return in two weeks.

Mr. and Mrs. J. M. Woodward, of 504 Mayes street, left yesterday for Sacramento, where they will spend several days transacting business and visiting with friends.

Miss Helen Graus, of 241 Seventh street, left Richmond yesterday morning on her way to Salt Lake City, Utah, where she will spend her vacation.

Mrs. Amelia Orsini, of 3831 Wall avenue, is spending her vacation visiting with friends and relatives in Ukiah.

Mr. and Mrs. L. C. Kratzer of 620 Chanslor avenue, accompanied by the latter's sisters.

Paul H. Wagener, assistant postmaster, on son, Samuel, are spending a two weeks' vacation at Santa Cruz.

Miss Mary Bentley of 230 Chanslor avenue is spending a two weeks' vacation with friends in Yosemite Valley.

Miss Evelyn Crow and Miss Irene Powers, of the Richmond postoffice, are spending a two weeks vacation on a visit to Yosemite.

A two weeks' vacation is being enjoyed at Wilbur Spring by Mrs. Jerome Phillips. She departed yesterday.

SOCIAL EVENING SPENT BY TAHOE COUNCIL

Tahoe Council, No. 186, Degree of Pochontas, met in regular session at Moose hall last night, with Pochontas Josephine Feliciano at the stump. The business of the lodge was transacted as quickly as possible, as it was desired to get started at the social time that followed. Refreshments were served and the latter part of the evening spent at dancing. The committee in charge of the most enjoyable occasion was composed of Mrs. Fairchilds, Mrs. Laurence, Mrs. Sowers, Mrs. Westfalls and Mrs. Green.

A delightful program was presented to round out the evenings. In appreciation for their services, each performer was presented with a lovely gift. Following is the program: Vocal selections by Helen Marie Ralph; fairy ballet Betty Redmond; song, "Oh, Ho, Ho," by Barbara Carrick; "Sob Sister Sadie," by Helen Marie Ralph; fancy dance by Betty Redmond; "That's My Baby" by Barbara Carrick.

Melvin Myatt, 122 Ninth street, of the Standard Oil Marine department, is back from a several days motor trip to Santa Barbara.

Miss Edith Lers, who is a book-keeper at the Pacific Sanitary works, left yesterday for a two weeks' vacation at Twin Lakes, in Santa Cruz county.

E. L. Kearney of the Kearney-Furrer company, is spending two weeks at his summer cottage at Miramar Court, in the Santa Cruz mountains, with his wife and family.

F. H. Pearson, attorney for the San Joaquin Light and Power corporation, with his wife and family are now in Richmond for a week's visit with Mr. and Mrs. Joseph L. Reed, the former being secretary of the Contra Costa Finance and Loan company. Pearson and Reed were "buddies" in the world war, and are having a fine time exchanging reminiscences.

Friends of J. R. Holten will be pleased to learn of his speedy recovery from an appendicitis operation, which was performed at the Providence hospital in Oakland on last Thursday. Holten is one of the popular young men of Richmond, and is worthy vice-president of the Richmond Aerie of Eagles.

Mr. and Mrs. N. A. Woodford of Oakland were visitors here yesterday with the former's mother, Mrs. Anna Woodford, 440 Tenth street. Woodford is connected with KGO, the Oakland broadcasting station of the General Electric company.

J. C. Hitchcock, of the Pacific Gas and Electric company, returned yesterday to Richmond, after attending the opening of the new power plant on the Pitt River.

A two weeks' trip to Santa Cruz is now being enjoyed by Miss Nannie Nesbitt of 621 Bissell avenue.

C. B. Cook and wife, of 315 Twenty-fifth street, who have been spending the past week visiting in Los Gatos, have returned to their Richmond home.

Mr. and Mrs. E. P. Wood and family, of 451 Fifth street, are enjoying their vacation at Boyes Springs. The family will return to Richmond on August 2.

New Officers Of Nat. Daughters Take Positions

Officers to guide the destinies of Richmond Parlor, No. 146, Native Daughters of the Golden West, during the ensuing term, were installed with exceedingly impressive ceremonies by Supervising District Deputy Gertrude Morrison of Oakland, in Redmen's hall last night. Besides nearly every member of the local parlor being in attendance, there were hosts of visitors from Livermore, East Oakland and San Leandro.

The newly elected officers who were seated included: Mrs. Teresa Coffee, past president; Josie Neville, president; Clare Barry, first vice-president; Gertrude Foudner, second vice-president; Mrs. George Curry, third vice-president; Grace Curry, marshal; Tillie Summers, recording secretary; Maude Christen, financial secretary; Louise Swartout, treasurer; Neva Mason, inside sentinel; Lena Foudner, outside sentinel; Elizabeth Pasch, Margaret Allyn, and Adeline Clar, trustees; Mary Muller, organist.

Immediately following the installation work all present adjourned to the banquet hall, where under the leadership of Mrs. Neville, an expert committee served a most sumptuous banquet that provided much enjoyment for all.

13th Birthday Of Herman Sons Is Celebrated

The thirteenth birthday of the Richmond lodge of the Hermann Sons was celebrated with an elaborate banquet in Pythian castle last night. Ernest Bumgarner, president, was in charge of the business end of the session, while Joseph Hirth headed an able committee in charge of the banquet, which was a sumptuous affair, exceptionally pleasing to all present.

In honor of the occasion the grand officers of the lodge, from San Francisco, attended the session in a body and upon leaving all declared they had been royally entertained by the local members.

Eagle Members Will Make Trip To Berkeley

On next Tuesday evening, Point Richmond Aerie, Fraternal Order of Eagles, will convene their meeting early, close it as quickly as possible and go in a body to the California Aerie in Berkeley, where they will witness a big class initiation and attend a banquet. This decision was reached at the meeting held in Woodmen's hall last night.

Several new applications were acted upon at the meeting. It is planned to hold a class initiation the latter part of this month, and it is expected that a class of about 25 new members will be taken in. Worthington President Bert O'Loap was the presiding officer last night.

Prize Winners At Whist Party Sons St. George

A splendid evening was spent about the card tables by a packed house of whist enthusiasts at the party given by Gladstone Lodge, Sons of St. George, in Memorial hall last night. The evening was entirely devoted to whist, and it was generally agreed that the evening had been well spent competing for the valuable prizes put up for high honors.

The women's prizes went to Mesdames James Wright, H. C. MacDonough, Juane N. Hazlett, H. Frisch, and A. Cochran. Gentlemen's awards were taken away by L. Powers, Arthur Baker, Tom Hill, Harry Hayes, and Alfred Fowell.

Every member of Gladstone lodge, who can possibly do so is planning to journey to Oakland on July 29 to compete against Albion lodge, of Oakland, for the East Bay whist cup and the title that goes with it. Gladstone lodge boasts of some of the best whist players about the bay, and they expect to have little difficulty in coming back to Richmond with the cup and the name of champion. This will be the first of a series of three games.

WAR MOTHERS WILL VISIT HOSPITAL TODAY

Members of Richmond Chapter of War Mothers will make their weekly trip to Letterman hospital, San Francisco, today. The matrons will take candy, fruit and books to the

Christian Women Hold Convention

SANTA CRUZ, July 21.—The Christian Women's Board of Missions held its annual convention today in connection with the seventieth annual convention of the Christian churches of Northern California.

Mrs. H. S. Gilliam of Fresno was elected president. Among the other officers elected were: First Vice-President, Mrs. Benjamin Smith, Lodi; Second Vice-President, Mrs. J. N. Lester, Berkeley; Treasurer, Mrs. Ida Thompson, Oakland; Literary Secretary, Mrs. Eleanor R. Ashby, Berkeley.

Mrs. C. R. Blosser, membership secretary, in her report announced there was an increase of eight societies during the year, that the membership was 3,374 and girls 13,862. Fresno leads in membership with 277, and San Jose second with 1830.

In gifts Fresno also leads with \$1,000.

San Francisco—Plans under way for erection of \$3,000,000 20-story office building in this city.

wounded war veterans confined in the hospital.

A number of Richmond War Mothers attended the reception given in honor of National War Mother's Clure of Kansas City Monday in San Francisco. Those making the trip were Mesdames C. F. Donnally, San A. B. Cole, G. D. Stewart, Presley Koser, Thomas, Thompson and Nesbitt.

Employees Of Union Oil Co. Can Buy Stock

(Continued from Page 1)

Employees who have been in the service for one year are eligible.

Employees will be required to pay ten per cent of the total purchase price when the subscription is made. The balance may be divided into equal monthly payments to be deducted from the payroll over a period not to exceed five years. Subscribers may, however, pay additional sums to be credited to their account, and may, if they so desire, take up the entire deferred payments at any time within the five-year period. Subscriptions must be made on or before September 13th.

Employees purchasing stock will have no right to vote prior to the issuance of the stock, which will be made when the full purchase price has been paid, and no dividends will be declared on the stock purchased until it is issued. The company will credit interest on subscribers' deposits, however, at the rate of five per cent per annum.

Vets Donate To Salvation Army

At the meeting of Honor Post, No. 913, Veterans of Foreign Wars, held at Memorial hall, last evening one new member was initiated.

W. J. Oakley, was appointed as color guard in place of Alvin Fowler, who has moved from the city.

William Armstrong, state department chairman, was appointed as a committee to have charge of Boy Scout work.

A donation of \$10 was made to the Salvation Army fund.

At the conclusion of the business session, the veterans spent the remainder of the evening enjoying a "feed."

calculated approximately, to be applied upon the purchase price.

On the death of a subscriber the amount of all payments made by him, together with earned interest credited, will be paid to his estate, or his personal representative may elect, within 90 days after his death, to take full shares to the extent of payments made plus accrued interest, or to pay the balance due on subscription and receive stock thereafter.

Odd Bits From Ireland

By DENIS O'CONNELL.
Universal Service Staff Correspondent
DUBLIN, July 21. The Irish Free State will not officially recognize existing titles nor create new ones. There is a movement now on foot to exempt some of the ancient Irish titles, but it is hardly likely to meet with success.

One of the ghastly sights of Dublin is the Nelson pillar which is situated right in the center of O'Connell Street. It is an obstruction to traffic and it is now proposed that it should be removed. It is, however, a landmark in Dublin's life and is a general meeting place for appointments. The proposal is therefore meeting with considerable opposition from the citizens.

The Irish people are inveterate gamblers on the race tracks. Now it is permissible to back your fancy provided you do it on the credit system, but it is illegal to bet in ready cash. Recently the police have been raiding the business places of the ready money bookmakers. In an interview with the Police Commissioner he said it was impossible to try to stop betting on horse races in Ireland as it would be to try to stop the ebb and flow of the tide. The Police Commissioner is in favor of licensing the bookies.

The first of the senators of Dail Eireann to go to the country for reelection next November. Fifteen members have then to resign, and for these fifteen vacancies fifty candidates are offering themselves for election. All persons over thirty years of age can vote. The total number of voters is thus more than 1,250,000.

The tourist season has been anything but satisfactory. It is suggested that the Prince of Wales should be invited to come next year—on the theory that in his trial thousands would come. However, much material benefit might accrue to Ireland out of such a visit. It is extremely unlikely that President Cosgrave will issue the invitation. Not alone would his political opponents make capital out of it, but also in his own party there would be much dissatisfaction.

The problem of unemployment continues to be a source of anxiety to all citizens. Although in many respects self-supporting Ireland has not escaped the general depression of trade that has overpread Europe since the end of the war. Britain's purchasing power has diminished

with the result that Ireland has lost a considerable portion of her income. The Labor Party in Dail Eireann has just stated that there are men on the verge of starvation in the Free State and that the money voted by the government is insufficient to cope with the situation. They insist that unless the government does something more than it is doing a dangerous situation may arise.

MRS. EFFIE MUNROE TO BE BURIED TODAY

Last rites for Mrs. Grace Effie Munroe, who passed away Sunday at her home in Sacramento, will be held this afternoon at 2 o'clock from the Wilson and Kratzer chapel. Interment will be held in Sunset View cemetery.

Deceased, who was 74 years of age and a native of Nebraska, was survived by a daughter, Mrs. Catherine Andrews, of San Francisco, and the following brothers and sisters: Mrs. Perlett Marshall, Lewiston, Mont.; Miss Lesta Andrews, Richmond; Mrs. Charles Bevin, Richmond; Lester E. Andrews, Richmond.

BIGGEST BLUEBERRY FARM ESTABLISHED IN FLORIDA

(By Universal Service)

PENSACOLA, Fla., July 21. A blueberry farm, made of ten acres lots, and aggregating 760 acres, is being established near Milton, Fla., which, it is believed, will be the most extensive blueberry concern in the world. It will be controlled by the Berry Ranch company and is to be the largest horticultural development in West Florida.

This year's crop of blueberries is woefully short, the luscious berries bringing from 75 to 90 cents per gallon.

Mixing Whisky And Booze Gets Cook in Trouble

MARTINEZ, July 21. As a result of endeavoring to pilot his automobile too soon after indulging generously but not wisely in jackass whiskey, William Mehlert, cook at the county hospital, faces the most serious charge in the motor vehicle act, violation of section 112 which covers driving an automobile while intoxicated.

Mehlert was arrested in Franklin canyon by Traffic Officer R. H. Cheek who was en route to his home in Richmond after the traffic drive in Martinez when twenty-nine motorists were cited for driving with illegal headlights. Cheek chanced to pass Mehlert and halted him, to investigate.

YESTERDAY'S PUZZLE

Beautiful Things Made By Simple Home Dyeing

The First of Three Articles
Telling for the First Time
the Artists' Secrets of
Making Tied-Dyed Clothes
and Draperies.

The writer of these articles is recognized as one of the foremost artists in the dyeing of textiles. She has been for a number of years associated with Pieter Mijer, the Dutch artist, who first introduced Batik from Java to the western world. Miss Clifton's creations in clothes have been sold in some of the leading New York shops, her costumes have graced some famous theatrical productions on Broadway and her interior decorations are to be seen in some magnificent homes and metropolitan hotels.

By Evelyn Travis Clifton

NO woman has been able to resist the charm and fascination of those wonderful "tied-dyed" and "batiked" things that have become popular in the last few months. Their glorious colors and their endless variety of design assure them long popularity—in fact, they are here to stay.

Of course, on Fifth avenue and in the Paris shops they command fabulous prices. They are real works of art. Not only are they the thing to wear but they are also taking up prominent places in the decoration of the smarter homes. The "Deauville bandanas," of course, came to this country from the famous French watering place. But now these iridescent tied and dyed pieces of silk have become blouses, scarves, headbands for sport wear, washes, hat trimmings, dresses—everything a blaze of color. Batik, of course, was brought to this country a few years ago from Java, where the natives first developed this gorgeous exotic art, and it grows more and more popular here every year. Even those stately homes which have for generations been of the most conservative and subdued colors are now using these new dyed effects—tapestries for walls, table runners, curtains, hangings of all kinds. And nothing can so brighten up a room as a striking piece of dyed material.

And the most wonderful thing about it, as some women have already discovered to their delight, is that these things are easy to make at home. Only the simplest enameled ware cooking utensils and some package dyes are needed—no art training or elaborate experimenting in design or knowledge of chemistry are necessary. The most fascinating effects can be obtained with a little care and practice.

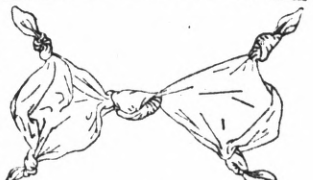

Dyeing is, of course, a chemical process—but then so are cooking and eating. It is not necessary to be a chemist to make home-dyed things, but it is essential that no chemical rules are violated if good results are to be obtained. The acidity of solutions of dyes is important, which means that no utensils which are affected by acids should be used. Nor should one use vessels such as the dyes interact with them or stain them permanently. Bare metallic vessels of any kind can therefore not be used. Bare metal is liable to change the color of the dye. Gold and platinum are exceptions, and some craftsmen use bowls of these metals—but they are not exactly common in every kitchen. For the same reason that enameled ware is ideal for canning and preserving and cooking, acid fruits and vegetables, it is also ideal for preparing and using dyes at home.

And then, too, as all of us who have ever done the dishes know, enameled ware is so easily cleaned. Usually any dye stains which remain on the utensils can be removed either by boiling with acetic acid or pure vinegar, diluted with water to a weak solution, or with any good, but not scratchy, cleanser.

A few words as to the enameled ware utensils you will need—new ones are, of course, preferable, but any you can spare will do—and they may be white or gray or any other color. The number of vessels you will use and their sizes depend on the number of colors you will want and on the size of the articles you are going to dye. A separate pot for each color is the best practice and any type of straight stock pot or convex kettle can be used. For small portions of dye solutions covered bowls are serviceable. A large dishpan in which the dyes are to be boiled and one for rinsing afterwards will be required. It is desirable to have a small saucepan or kettle with boiling water nearby at all times and a few large enameled ware spoons for stirring are indispensable. Other essentials are an enameled ware tray, a measuring cup or two and a pail.

As to the dyes—the ordinary packages of dyes you can get in any drug store or hardware store are satisfactory—but be careful to follow faithfully the instructions that come with the package. And be sure to get dyes which are suitable for the material you are going to use—cotton dyes for cotton and silk dyes for silk—because they will not work on the material for which they were not made.

Wear rubber gloves. A rubber apron over a good stout kitchen apron will be adequate protection for your clothes.

ing to use—cotton dyes for cotton and silk dyes for silk—because they will not work on the material for which they were not made.

Wear rubber gloves. A rubber apron over a good stout kitchen apron will be adequate protection for your clothes.

Aids to Beauty!

Did you ever stop to consider wherein lies the charm of the cultured and fastidious woman?

It is simply that she neglects no slightest detail of her appearance!

Her face—her hands and arms—her hair—are all given proper attention. Even the elusive scent she uses is a result of careful choice.

Her skin is smooth and delicately tinted—every hair in place, whether her color be straight or marcelled—her nails glistening and pink.

You, too, can attain such dainty perfection! Simply make it a habit to drop in once a week at

gas leaks should be reported immediately

Be sure that all appliances and valves—including the pilot-lights of your Gas Range, Gas Water Heater, and Gas Furnace—are turned off tight. Then watch the small, "two-foot" dial on your Gas Meter. The mechanism that operates this dial is extremely sensitive.

If, with all use of Gas shut off, the needle on the dial moves, there is a leak and the Gas should be immediately shut off at the Meter and the Company notified by telephone. Never start looking for a leak with a lighted match, candle or lamp.

If you smell Gas, report it at once! It is the Company's policy to send a service man to investigate as soon as possible after the call is received.

WESLEY FILM HAS HERO IN RIN-TIN-TIN

A picture with a dog for hero is offered movie patrons in "Where the North Begins" to be shown at the Wesley church on Friday evening. Rintintin, the remarkable police dog is the hero, and is said to excel himself in this Warner Brothers classic of the screen, where he takes the part of a wolf-dog who leaves the pack to attack a helpless victim of a gang of outlaws and becomes his devoted friend.

Rintintin was born on the firing line of France and brought to California where his intelligence plus the excellent training afforded him made him one of the elite of dogdom. He has won many championships in running and jumping; his owner says there is nothing any dog can do that Rintintin cannot do.

The action of "Where the North Begins" is set in the far north, miles from civilization, in a Hudson Bay trading post, where Shad Galloway trading with an iron hand as factor. A gang of outlaws is operating in the region and Gabriel Dupre a young trapper, sets out with a load of furs, not knowing it is a trap set by Galloway to get him out of the way and thus having Felice McTavish a young woman at the post, at his mercy.

The story begins with this situation Gabriel is wounded, and befriended by a wolf-dog, who starts to attack him, and from that point the dog takes an active part in the stirring developments.

The cast consists of Claire Adams, Walter McGrail, Pat Hartigan, Myrtle Huntley, Chester Franklin is the director.

Colleen Moore 'At Richmond Today

Is there anything new under the sun? Of course there is, if we only recognize it when we see it.

In "The Perfect Flapper," Colleen Moore's new starring vehicle, which comes to the Richmond theatre today, film fans will learn of a new way to hold a party. In this dynamic epic of the jazz age, a group of young people decide to hold a party in a mansion while it is being moved from one location to another. The result is a hilarious and exciting effect which could only take place in a rocky, shaky, structure rolling ponderously through the streets of a slumbering city.

"The Perfect Flapper" is another offering by First National, the producers of "Flaming Youth," with the same flashing star. It was also directed by John Francis Dillon and contains a cast of brilliant players including Sydney Chaplin, Phyllis Haver, Frank Mayo, Lydia Knott, Charles Wellesley and many others of equal prominence.

Other features on the same program include "Low Tide," a Mermaid comedy; "Prizma," a screen magazine.

Surprise Stunts Are Arranged At Lions Meeting

Relating numerous anecdotes connected with his cross-continent automobile trip of several months ago, Postmaster James N. Long addressed the Richmond Lions club at the regular weekly luncheon of the club held yesterday. Archie Winchcole, as chairman of the day, was in charge of the program, which included several solos by Mrs. Ross Calfee.

Plans were formulated for a visit to the San Jose Lions within the next two weeks. A program by a number of Local Lions will be put on for the members of the Garden City club.

Announcement was made by President Wilbur Pierce that surprise stunts are being arranged for next week and thereafter for several weeks by C. F. Donnelly, yell leader of the club.

Kramer Is Held By Justice Roth

Charged with failure to provide for his minor child, Ray Kramer, former Richmond resident, was held to answer to the superior court yesterday by Justice of the Peace John Roth. Kramer admitted in court that he had failed to pay adequate sums to his former wife, Mrs. Mae Kramer. Kramer, it is said, will plead guilty in the superior court and will be paroled on his agreement to pay \$40 a month for the support of his child.

"Lost World" Is Great Film Thrill

"The Lost World" at the California theatre, comes nearest being a photoplay of absolute universal appeal than any previous picture, according to Manager Dan W. Reardon. "When those prehistoric dinosaurs burst loose on the screen the small boy forgets the biggest circus he ever saw, and yesterday an old man walked out forgetting his cane," he says.

"High school students come to see it because it helps them in their study of paleontology." The man interested in science and the average adventure-loving man are alike interested to see a beast of \$10,000,000 years ago imperil the lives of Twentieth Century folk. And for those who love romance, there is Bessie Love loved by two men, Lewis Stone and Lloyd Hughes, both striving to save her from the fangs of a creature as big as seven elephants.

"In fact the only class of people to whom this picture would not appeal are the unfortunate blind." It required First National and Waterson R. Rothacker over seven years to bring these dinosaurs of one hundred thousand centuries ago to life in a modern photoplay. "Aesop's Fables" and "Topics of the Day" are also being screened on the same program.

Substitute Gas Warning Given

LOS ANGELES, July 21.—Expressing the highest praise for the great majority of loyal and discerning independent dealers, but sounding a note of warning against "sharp practices" engaged in by a small minority, the Richfield Oil company has just broadcast through the Pacific West a vital message concerning substitution.

"A few dealers," says the statement, "have put Richfield in one pump only to utilize its popularity to bring more cars to their stations. Then they substitute from another pump a cheaper inferior gasoline or which they make greater profits."

This warning follows a tribute to the non-substituting dealers in which it is pointed out that the majority of independent dealers sell Richfield even at a greater cost to themselves, because they know Richfield's tremendous popularity means greater sales and because they are sincere in their wish to sell motorists the finest obtainable motor fuel.

That automobile owners have a definite protection, however, in that tanks marked Richfield always contain the genuine product, is pointed out in the company's message. In order to eliminate the possibility of some unscrupulous dealer filling their gas tanks with a longer hose from the "off" tank, motorists are urged specifically to "ask for the brand"—to demand Richfield by name and see to it that the gasoline is taken from the Richfield marked pump.

The Richfield company, which features independent distribution and which never employs company-owned stations except in districts where conditions of merchandising make such stations imperative, makes plain its position in connection with the independent as follows:

"It has always been the policy of this company to aid the independent dealer wherever possible—to help increase his sales in every legitimate way. For we believe that the maintenance of the independent dealer

Result of Drive Salvation Army To Be Announced

The result of the Salvation Army drive here will probably be given out the middle of next week, it was announced by Captain Gled Post, in charge here, yesterday. By the time the drive is completed and all sources are heard from, it is believed the quota will be raised.

The West Side progressive association is taking care of Point Richmond while about 50 industrial plants in the county are assisting by canvassing their own employees.

er means free competition in one of America's greatest industries and that, unless he is largely patronized a virtual gasoline monopoly will result with attendant disaster to practically every consumer of gasoline and motor oil."

\$500 OR 500 DAYS IS JOLT OF BOOTLEGGING

Pleading guilty to violation of the Wright Act, Charles Mardis of 144 South Thirteenth street was yesterday fined \$500 or the alternative of serving 500 days in the county jail. The sentence was imposed by Police Judge C. A. Odell. Two bottles of illicit liquor were seized in a raid conducted by a squad headed by Police Dan Cox on Mardis' place Saturday night.

Shade-Schoell Bout Ruling to be Reconsidered

BOUT MAY BE SANCTIONED BY COMMISSION

LOS ANGELES, July 21.—The State Boxing Commission may reconsider its action of Monday, and allow the Dave Shade-Frankie Schoell fight to take place in San Francisco early next month.

This was announced late today by Chairman Seth Strelinger upon advice from the North that Commissioner William Hanlon would arrive in Los Angeles Wednesday for reconsideration of the ruling, which prohibits Shade's appearance in any California ring until he posts a \$10,000 forfeit guaranteeing his appearance in September against Mickey Walker for the world welterweight crown.

"I won't be here for this meeting," said Strelinger today, "but Mr. Hanlon and Mr. Almgren from a quorum and anything they decide to do has my approval. I understand now that Commissioner Hanlon unofficially gave his O. K. to the promoters in San Francisco. We understand further that they have gone to considerable expense in getting out their advertising and arranging lighting for Recreation Park. Such being the case we seek to work no hardships.

"Commissioner Hanlon has charge of the northern territory and we did not know that he had sanctioned the bout when we barred Shade. It will all be satisfactorily settled Wednesday, but Shade must meet Walker here in September, as he agreed when he told Jack Doyle he would fight.

Strelinger leaves for an extended tour of Europe today. He has arranged a conference with the New York commission when he arrives there and will try to get the Shade-Walker controversy ironed out after a chat with Commissioner Farley and William Muloon. Strelinger will ask that the forfeit money now held by the New York commission be turned over to the California board to force the match here. The New York commission ordered the bout here a few weeks back, but seems inclined to want the fight in New York now that Shade himself is a New York card by stopping Jimmy Slattery.

RICHMOND NINE SCHEDULES TWO HARD CONTESTS

Elmer Hansen's Richmond baseball team will travel to Lakeport next Sunday for a contest with the fast Lakeport nine. The local tilters tackled the Lakeport aggregation in a game last season, losing by a 4 to 2 score.

Gene Kersten, veteran Standard Oil pitcher, will be on the mound for Hansen's nine next Sunday, with Ernie Van Arsdale behind the log. Johnny Hutton, recently returned from the National Guard encampment at Del Monte, where his heavy hitting was largely instrumental in winning the baseball championship for his regiment, will be back in the outfield Sunday at Lakeport.

Auburn—Largest Bartlett pear crop in history of Placer county being shipped from this vicinity.

San Andreas—14 feet of good ore uncovered at bottom of Washington Mine shaft.

Barrel House Plays off Tie With Refinery

This evening at First street, the boys from the Refinery and Barrel House will have an opportunity to settle the dispute of July 2, last, resulting over a nine inning struggle ending in a three to three tie. Steenraffe and Dimock, pitched for the respective teams last game, and both did some excellent work. Chick Autry, manager of the Refinery, will probably use Hal again today. Probably Steenraffe will also be used by the opposition.

These two teams have been trailing the league for these many moons, but lately both have been picking up. Recently the Mechanics were touted as the logical winners of the league as they have a two and a half game lead. Two and a half game isn't a very substantial margin, but still it is a lead. Nevertheless the season runs until about the first of September and a lot can happen in a month and a half.

The All Standards are reported to be on a bust. Seeing they are hanging second place like a pack of grizzlies, however, it appears otherwise. The two leaders tangle on Thursday evening, so it remains to be seen whether the busters bust or not.

McLarin Gets Cracked By The Suspension

LOS ANGELES, July 21.—The State Boxing Commission's official tie decision today.

The surprise bomb was the suspension of Jimmy McLarin, the "Bel-fast Spider" who recently defeated Pancho Villa at Oakland in the last fight that Fightin' Filipino made previous to his sudden death.

Indefinite suspensions were slapped on Tony Epente, "Pop" Nealis and Nick Newman for their alleged complicity with a fake fight in Yuma, Arizona, two weeks ago.

McLarin's suspension is due to alleged perjury in connection with his application. McLarin, through his manager, Daddy Foster, swore he was 18 when he applied for and was granted a license. From articles appearing in a San Francisco newspaper, the commission learned that he claims to be 17.

"The law prohibits giving licenses to any one under 18 years," said Chairman Strelinger. "Such being the case, we will place McLarin and Foster on the ineligible list until they can produce a birth certificate to support his application now on file with us."

McLarin is supposed to be in Vancouver resting up after a vigorous campaign in Southern California and his Oakland victory.

Fuente has been about the commission previously. From the tone of the commissioner's statement in discussing Fuente the big Mexican will have no end of trouble getting himself righted. Another sad blow dealt Fuente was in Mexicali where the newspapers recently came out with a caricature of Fuente under a tombstone. If Mexicali is done with T. Kellerman Fuente—he is done intirely as a boxer.

Another safeguard has been placed around life at sea by the recently enacted regulation of the British board of trade making it compulsory for all ships flying the British flag and engaged in passenger traffic to equip at least one in every 15 lifeboats with a 250-watt transmitter and a radio direction-finding apparatus to facilitate rescue work in time of disaster.

JOHN PERELLI STARS IN PRO GOLF TOURNEY

Playing remarkable golf for the first nine holes, Johnny Perelli, assistant professional of the Berkeley Country Club, made an excellent showing in the professional tournament held Monday at the Harding municipal golf course in San Francisco.

Perelli, a youngster still in his teens, negotiated the course in 81, only 7 strokes behind Russ Conroy, San Francisco professional, who led the field with 71. Perelli went out in 37, one of the lowest scores of the day for the first nine, but took 44 strokes to come home. He had the second best score for assistant professionals.

In addition to his duties at the Berkeley Country Club Perelli is golf instructor at McRackens.

JACK DEMPSEY GRANTED TWO DAYS OF GRACE

NEW YORK, July 21.—Jack Dempsey was granted two more weeks of grace today by the New York Boxing Commission.

The commission met today, conferred with Tex Rickard and then adjourned with the announcement that nothing could be done about Dempsey's status or the Willis challenge until two weeks from today, the commission assuming that Dempsey will have returned from Los Angeles in that time.

GETS STIFF FINE BUT SENTENCE SUSPENDED

J. O. Van Namee, of Crockett, arrested Saturday night by county prohibition officers, pleaded guilty yesterday before Justice of the Peace Frank Glass at Martinez to a charge of illegal possession of liquor and was given the alternative of a \$400 fine or 400 days in jail. Because of Van Namee's physical condition, however, commitment was withheld when he failed to pay the fine.

Twilight League Teams To Clash In Title Series

Definite assurance that the Mercantile Trust and the Richard's Radios will meet in a series to decide the championship of the Richmond Twilight League, was given last night by W. L. (Doc) Seawright, secretary of the league.

Seawright stated that the managers of both the Radios and the Mercantile have agreed to have their charges ready for a series of three contests during the first two weeks in August. The managers previously had been unable to get together on a suitable date for the big series, both teams being weakened by the absence of many players on their vacations.

Drink Water to Help Wash Out Kidney Poison

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any druggist about four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys twice a year.

UNEMPLOYMENT PROBLEM IS SERIOUS IN AUSTRIA; 700,000 ARE AFFECTED

By KARL H. von WIEGAND
Universal Service Staff Correspondent

BERLIN, July 21.—With unemployment increasing and thousands in a state of never satisfied hunger in Vienna, nationalistic labor circles demand the expulsion from Austria of all alien labor elements. They say

it is a case of self-preservation for the Austrian workman.

The nationalistic forces oppose the plan of the Austrian socialists who have demanded that the Austrian government officially take up with Washington a petition to export the human export of 50,000 Austrian workmen and working women to America.

In a population of about six million Austria has at this time approximately 200,000 unemployed. With

their families and dependents the number directly affected and who have to be supported by city or state are estimated at around 700,000. Austria with its six million has almost as many unemployed as Germany with her sixty million. It is costing Austria approximately \$50,000 a day to keep the gaunt wolf a short distance from the doors of the two hundred thousand workless.

TUBERCULOSIS OVERCOME
Oakland, Calif.
April 23, 1925.
For about three years I suffered from a bad cough and sore chest. I tried many doctors, all of whom pronounced my case Tuberculosis. My spittle was examined and showed tubercular germs. As I found no improvement from any of the treatments that I took, I decided to give the FONG WANG HERBS a test, as a last resort.

After having drunk the herbs for four months, I was a well woman and had gained in weight. A year has elapsed since I began to take the FONG WANG HERBS on April 16, 1924, but today, I am still well and have no sign of my former complaints.

(Signed) MRS. A. ACKERMAN, Fort Bragg, Calif. Box 202

INDICTMENTS OF TEN PERSONS EXPECTED TODAY

Grand Jury Will Continue Its Investigation of Oil Fraud Merger

POSTAL INSPECTORS BUSY

Witnesses Questioned As To Use Of Mails by The Promoters

OAKLAND, July 21.—Judgments against ten principals in the alleged \$880,000 oil merger fraud are expected to be returned by the Alameda county grand jury tomorrow morning.

Indictments charging grand larceny and violation of the state corporate securities act are predicted to be returned against "Jim" Gough, F. L. Davin, E. F. Reeves and C. C. Leacock. State corporate securities indictments are expected to be returned against W. R. Moody, W. B. Sherman, J. S. Coombs, C. E. Spaulding, Mrs. Peggy M. Reeves and George Burnside.

With more than forty victims of "merger" operations waiting to testify before the grand jury if their testimony is needed, the second day of investigation into the operations of the eight men and one woman who are said to have obtained more than \$500,000 from Eastbay investors, commenced this morning. The testimony of witnesses that have appeared before the grand jury is said to have shown that receipts, which were to be exchangeable for stock after the supposed merger of fourteen oil companies had been effected, were sold throughout the Eastbay district and other parts of the state. Under the California laws such a sale is said to be an indictable offense.

A probe of use of them ails in promoting the oil frauds was instituted today when post office inspectors started questioning witnesses waiting to testify before the grand jury. It is said that all information given the grand jury will also be given the federal agents.

Santa Clara—Pacific Telephone and Telegraph Co., extends lines in this city; project costing almost \$10,000 nearing completion.

Federal Money In August Is Word of Curry

(Continued from Page One)

recommendation next month for Richmond's harbor, and that the money would become available immediately. The city is in a position to put up its share of the money, so that there will be no obstacle in the road for a contract for harbor work to be let.

This will mean that the city council will then be able to advertise for bids for the construction of a wharf on the inner harbor which will bring a great deal of tonnage from the outside. A large volume of freight has already been promised by the California and Hawaiian Sugar Refining Company at Crockett as soon as the wharf is completed.

"I want to see the work on Richmond's harbor proceed as rapidly as possible," said Congressman Curry in speaking of the project, "and will do everything in my power to aid it. It is not only the present work that must be given attention but the future must be looked out for. I will not return to Washington till some time in October. During the early part of that month a large number of the rivers and harbors committee will visit California, and I want to be able to bring them to Richmond, show them the work that has been done, what the possibilities are for the future. I want them to see with their own eyes the great development that is taking place here, so that they can speak from their own knowledge and not from hearsay, when matters affecting this harbor comes up before them in committee in Washington.

"All that Richmond needs now, so far as its harbor is concerned is more development and I am satisfied that business will come. With more tonnage a belt line railroad will be necessary, and it is my suggestion that a franchise for a belt line should never be placed in the hands of any private individual as a means of exploiting the city. It would be my idea that either the city should build the belt line or possibly it would be better for either one of the great transcontinental lines you now have, to construct it, under suitable restrictions laid down by your city council."

Van Nuys—Van Nuys plant of Fred B. Neuhoff Packing company opens for apricot packing season.

Guadalupe—Obispo street being opened; local streets being repaired.

NEW MOTOR LAW EFFECTIVE NEXT FRIDAY DRASTIC

On Friday of this week a new law will become effective in California requiring every applicant for a license to operate a motor vehicle to submit satisfactory evidence of his physical and mental fitness to drive.

The law was sponsored to assist in driving the incompetent operator from the highways and thus serve in a measure to reduce the frightful toll of lives from accidents. Under this law the applicant will be required to fill out a questionnaire stating condition of eyesight, hearing, whether afflicted with epilepsy, paralysis or insanity. He will also be required to state whether he has the use of both arms and legs, how long he has operated a motor vehicle and whether he is able to read road signs.

In addition to this information, the applicant is required to state age, weight, sex, color of eyes and hair and whether his license has ever been suspended or revoked and if so the date and reason.

Blank questionnaires have been prepared and may be obtained at any division office, any branch of the automobile clubs, the captain of any traffic officer squad or by applying by mail directly to Sacramento. The applicant is required to make oath to the questionnaire before submitting it to the division before a notary. Any employee of the division is empowered by the law to take such oaths.

If all questions are not answered the application will be returned to the sender.

If the information received is of such character as to leave no doubt as to the applicant's unfitness to drive it will be immediately rejected. If the information is satisfactory in every way a card will be issued.

However if the information on the questionnaire leaves doubt but establishes a possibility that the applicant would be found able to drive after a test temporary permit will be issued allowing him to drive for 30 days if accompanied by a licensed operator or chauffeur.

During this 30 day period the time and place for him to undergo the test will be designated. The tests wherever possible will be held in the county in which the applicant lives.

Nothing will be required in this test except that the applicant show he can drive safely.

Any person refused a license may appeal the case to the superior court. The decision of this court is final and may not be reviewed.

No person under 14 years of age need apply nor may the division issue chauffeur's license to any person under 18.

The law expressly forbids the issuance of a license to any insane or feeble minded person, any imbecile, habitual drunkard or narcotic addict or any person who by reason of a physical disability is unable to properly control a motor vehicle.

It is well to remember that this law applies only to new applicants. Those with licenses already will not come within its provisions except that on one verified complaint the division may require any operator now licensed to appear and show cause why his license should not be revoked. A practical driving test from such operator to determine his fitness to drive may be demanded.

No charge is made for operators licenses but chauffeurs are required to pay \$2 annually.

Operators licenses need not be renewed annually; they are good until revoked.

It is the intention to enforce this law impartially, but no unusual demands will be made on any person. If a one-legged man can demonstrate his ability to drive as well as a two-legged man, he will be given a license.

In conclusion it is well to remember that every person who drives a car on the public highways must have a license. The fact that the owner of the family car has one is not enough. Everyone driving it must have one and the license must be carried so that it can be produced at all times. The license must be signed by its owner.

Jamestown—Plans preparing for construction of Melones Dam and new railroad site.

Demand Heavy For Products Cal. Art Tile

(Continued From Page 1)

pany is not confined to the state of California alone, but its products are shipped to every section of the United States and up in Canada.

The output of this concern is of the finest material and will withstand every condition of the weather. It is used for store fronts, marzels, vainscotting of all kinds, bath rooms, veneer for new and old buildings, and for floors. Hislop declared that almost any old building could be given a new appearance by covering the outside with tile. He also stated that the tile used for floors is turned out on a special lathe, and is given an extra hard place. It is not regular floor tile, but is guaranteed to stand up as well if not better than any other.

Fourteen days is required for the kiln work of a "batch" of tile. Four days are required to heat the kiln, and four days for it to cool off. It then takes three days to strip the material from the kiln and three more days to re-fill it.

All the latest machinery is used to turn out the work more efficiently, and two machines, patented by the company itself are in use.

The California Art Tile company was started nearly four years ago, by L. J. Hislop, J. W. Hislop, W. A. Hislop, A. C. Meyers, and C. E. Cummings. For two years it was a rather small affair, but the need of fancy tile is ever increasing, and with the demand the plant has increased. It is now one of the most up-to-date plants of its kind in the west.

The company is merely a wholesale concern, selling to retailers or to the consumer direct, but no tile is put on by the company itself. Materials for numerous jobs with the

Chrysler Car Price Cut Is Now Effective

Improvements and refinements intended to raise the Chrysler six-cylinder cars to new performance peaks, were announced yesterday by Harry Curry, local agent for the Chrysler line of automobiles.

The announcement of improvements in the models were coincident with a reduction in prices, effective today, which now range from \$1,395 on the phaeton model to \$2,095 on the crown imperial, f. o. b. Detroit.

Included in the improvements are a motor of greater power and smoothness, a chassis of greater sturdiness and rigidity with greater use of alloy steels and a group of attractive body designs and colorings.

Most important of the improvements are those in the power plant. The latest Chrysler six has a cylinder bore of three and an eighth inches. This increase in piston displacement delivers nearly 10 per cent greater power, enabling the cars to attain a top range of 70 miles per hour with greater ease. It also gives swifter acceleration and getaway.

The greater power delivered by the motor has been compensated by a heavier and more rigid crank-shaft. To take care of greater fuel demands the carburetor opening has been increased one-eighth of an inch. The oil pump capacity also has been increased 12 1-2 per cent. There

city of Richmond have been furnished by the California Art Tile company. The latest building decorated with the product is the building being erected at Fourteenth and Macdonald avenue, for the Curry Auto Sales company. For this building the tile for both inside and outside work was furnished.

Faster Service To Sausalito By Auto Ferry

SAN FRANCISCO, July 21.—Plans are being prepared by the Northwestern Pacific railway for a faster auto ferry service between San Francisco and Marin county, effective upon the completion of the new highway from San Rafael to Tiburon.

The new road, aimed to reduce the mileage from San Rafael to the bay by almost five miles and eliminating many of the present tortuous turnings of the present route, will cut directly from Corte Madera to Tiburon. The body design is unchanged save for minor details.

on, running through an unsettled portion of Marin county. The road will bring autos to the foot of Petaluma avenue at San Rafael with only a small portion of the city to pass through.
